No.B.4078-42/W

From

The Secretary to the Hon'ble the Resident in Mysore.

To

The Chief Secretary to the Government of
His Highness the Maharaja of Mysore, Bangalore.

Dated Bangalore, the 10th July 1942.

AGAR CONTROL.

Sir,

I am directed to invite the attention of the Government of Mysore to the Notification by the Government of India, Supply Department, No.560 dated the 22nd June 1942, published in the Gazette of India Extraordinary dated the 23rd June 1942, regarding Agar Control, and to state that the Government of India consider that, in order to prevent the possible flow of supplies of Agar from British India to the Indian States, such of the States as are likely to be affected should be invited to promulgate similar orders within their territories as early as possible. I am accordingly to request that, if there is no objection, the Government of Mysore will be so good as to issue such an order, with the least possible delay. I am to add that, if the Government of Mysore so desire, the administration of the control may be retained in their own hands, but that it will be appreciated if they will consult the Director General, Indian Medical Service, in each case before granting a permit for sale or use, or a licence for manufacture.

2. A copy of the order when issued may kindly be sent to this Residency for information.

I have the honour to be,
Sir,
Your most obedient servant,

for SECRETARY TO THE RESIDENT.

EXTRAORDINARY

PUBLISHED BY AUTHORITY

NEW DELHI, TUESDAY, JUNE 23, 1942

GOVERNMENT OF INDIA

DEPARTMENT OF SUPPLY

NOTIFICATION

New Delhi, the 22nd June 1942

No. 560.—In exercise of the powers conferred by sub-rule (2) of rule 81 of the Defence of India Rules, the Central Government is pleased to make the following order, namely:—

The Agar Control Order, 1942

1. (1) This Order may be called the Agar Control Order, 1942.

(2) It extends to the whole of British India.

(3) It shall come into force at once.

2. In this Order—

"agar" means any substance answering to the specification of agar as given in the British Pharmacopœia or in the Pharmacopœia of the United States of America;

"Director General" means the Director General, Indian Medical Service.

3. No person shall, except under the authority of a permit granted in this behalf by the Director General—

(a) sell or otherwise dispose of agar;

(b) use agar otherwise than as a medium for the culture of mocro-organisms;

(c) Use any of the raw materials listed in the Schedule attached to this Order otherwise than for the manufacture of agar.

[Price 1 anna]

4. No person shall, except under the authority of a licence granted by the Director General, manufacture agar.

5. An application for a licence to manufacture agar shall be made to the Director General, and shall contain the following particulars:—

(a) the name of the firm or individual proposing to undertake manufacture;

(b) the material or materials from which it is proposed to manufacture agar;

(c) the place where the manufacture will be undertaken;

(d) the approximate quantity of agar to be manufactured.

6. The Director General, or any officer authorised by him in writing in this behalf, may enter upon and inspect any premises in which agar is or is reasonably believed to be manufactured, kept for sale, sold or used.

7. Every person engaged in the manufacture, use or sale of agar shall—

(a) keep such books, accounts, or other records relating to his undertaking as the Director General may direct;

(b) produce to the Director General, or to any officer authorised by him in writing in this behalf, such books, accounts, or other records relating to his undertaking as may be demanded by the Director General or as the case may be the authorised officer;

(c) furnish to the Director General such estimates, returns, and other information as he may require;

(d) permit the Director General, or any officer authorised by him in writing in this behalf, to enter upon and inspect any premises used for, or in connection with, the undertaking.

W.1 37-42-4

OFFICE OF

The Senior Surgeon in Mysore,

Bangalore.

Date 31.7.42.

To

The Secretary to the Government of

His Highness the Maharaja of Mysore,

Law Department, Bangalore.

Sir,

With reference to your letter No.G.1589-90 dated the 27th July 1942, calling for my opinion about the issue of a notification regarding Agar Control in Mysore State, I have the honour to state that from enquiries made, it is ascertained that Agar is not produced in India and is imported from abroad. Only small quantities of Agar are used in the Medical Department and in the Industrial and Testing Laboratory. The stock required for the Public Health Institute, Bangalore, is imported from England and America. In these circumstances, I do not think that the issue of a Government Notification regarding the control of Agar in the Mysore State is urgently called for.

In view, however, of the fact that the Government of India consider that a notification in this matter may issue in order to prevent the possible flow of supplies of Agar from British India to the Indian States, a Notification on the lines similar to those issued by the Government of India may be promulgated.

I have the honour to be,

Sir,

Your most obedient servant,

Senior Surgeon.
